DON'T HANG THE DJ VOL. 1

DJ Ariane is one of Scandinavia's leading female DJ's. She has held residencies in all of Oslo's major clubs, like Skansen, Jazid and Blå. Her musical style can be described as a mixture of hypnotic and twisted deep 'n dark house, techno and breakbeats. DJ Ariane is also a part of the trio Bermuda Triangle, which recently finished their debut album due for release early October 2003.

“Don't Hang The DJ “ was born on August 26th 2000 at Blå in Oslo.

Ariane gathered 24 of their favorite Norwegian DJ's, grouped them in pairs, and had them spinning records for twelve hours. This is still an annual event.

This compilation is something Ariane have been wanting to do for a very long time. Each track has been carefully chosen and put together and represents everything DJ Ariane stand for as a DJ. The keyword being atmospheric flow. The compilation includes 7 Norwegian and 5 foreign contributions from labels such as Hooj Choons, Airtight, Tora Tora Tora, Love OD, Bipolar, Curling Legs and Planet Noise. The musical style of the album can be described as deep house, breakbeats and techno.

The album “Don't Hang The DJ Volume One “ is released on Planet Noise. Planet Noise is a label that combines distribution through streaming and downloading of MP3 with conventional sales of CDs and vinyl. The label operates with an extended website that includes selling individual songs from our catalogue. Our artists are presented as animated characters, with their own name and identity created especially for Planet Noise. Ariane was the first of a total of 12 inhabitants on Planet Noise when the project started July 1st. 2001. For more information, please check out www.planetnoise.com
